

11/20/2011

State #	State Name	Nag Messaging
0	Full D2C + UV Activated	
1	D2C + UV Inactive "Soft Nag"	See screenshots instead
3	D2C Only Account	
4	D2C + UV Inactive "Hard Nag"	Activate UV

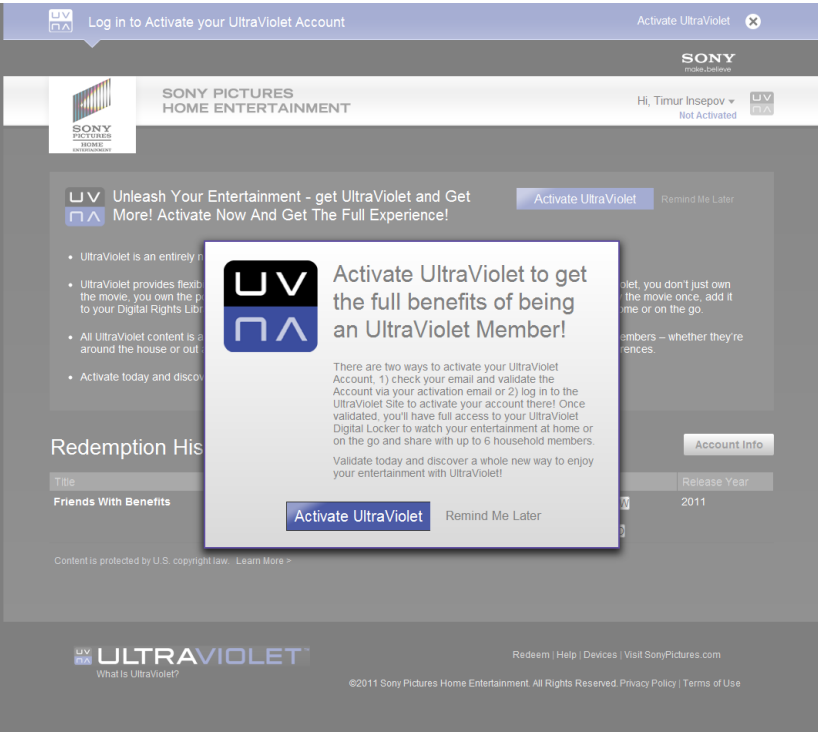

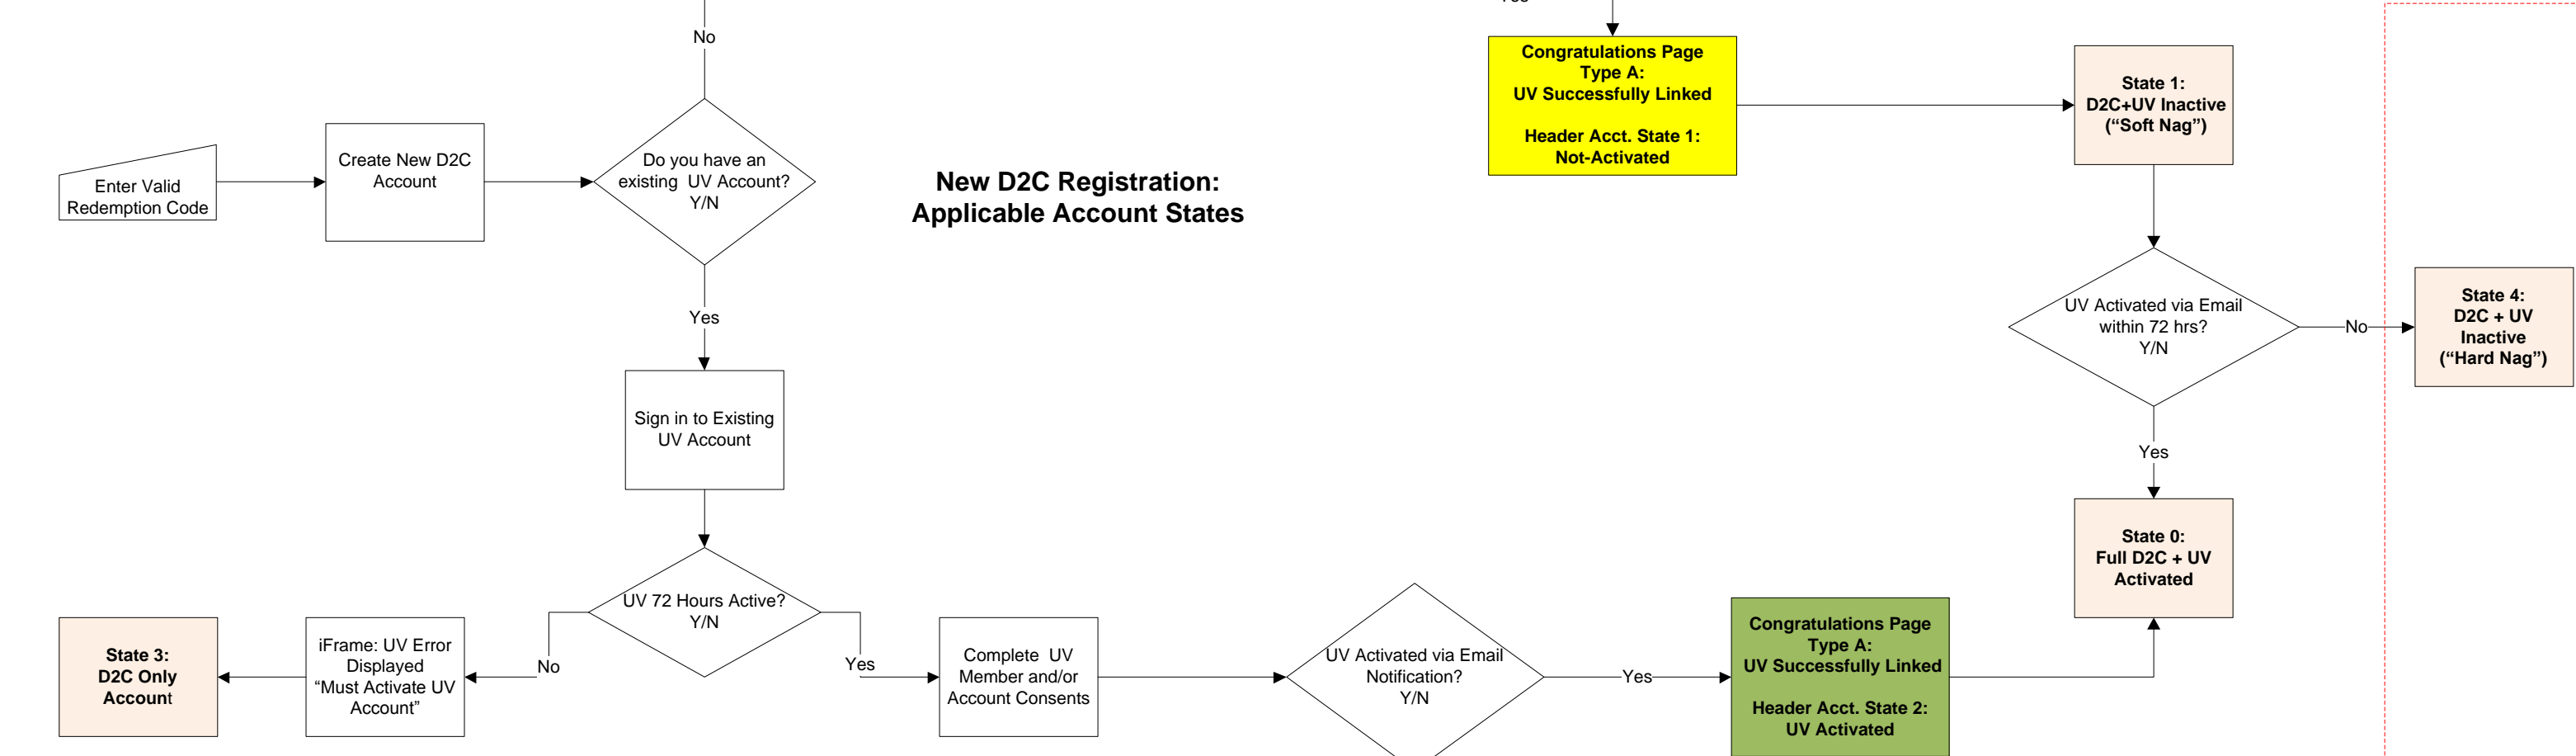

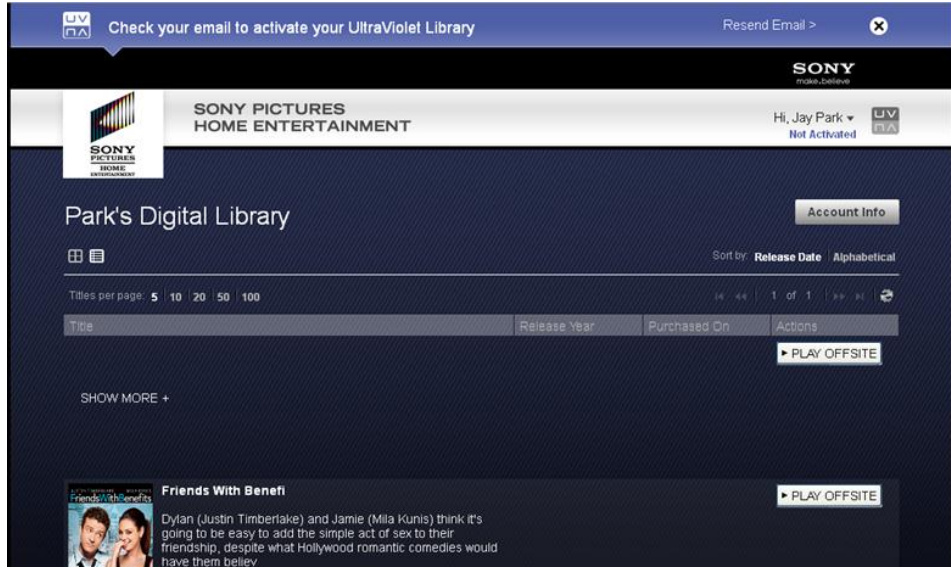

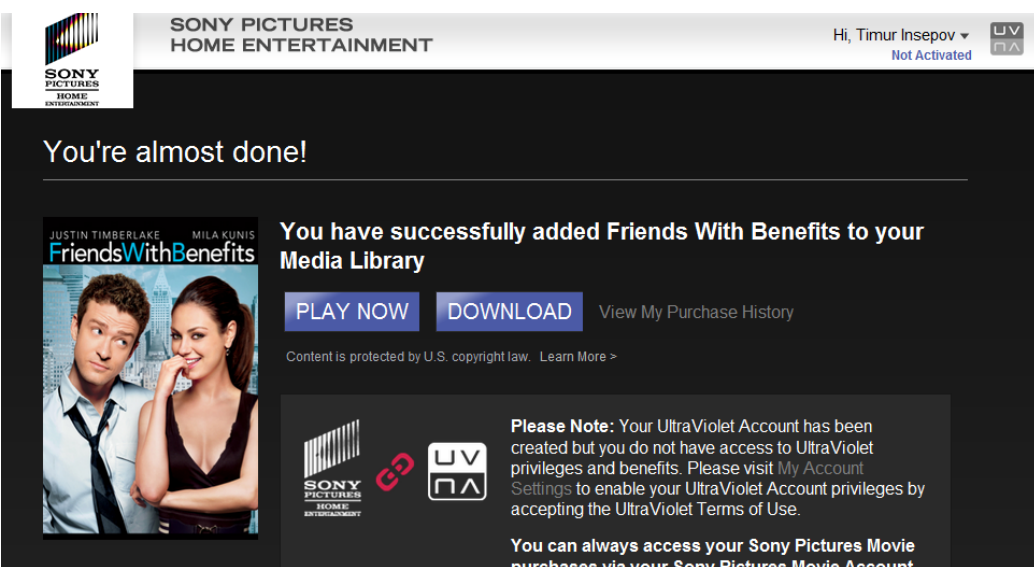

Congratulation Page Types	
Type	Description
A	UV Successfully Linked
B	UV Account NOT Linked

Header Account States	
State	Description
1	Not Activated
2	UV Activated

- No play/dl on redeem congrats page (CSG to confirm API call)
- No play/dl from purchase history

- This page doesn't change (just showing it to make sure no changes are done to this vs. changes requested for D2C only)

- Locker visible and header nag only (this was previously done by error)
- No play/dl from redemption history (this is visible from account settings)

- This state is only when UV expired (after 72h for new users; after ?? for existing UV users)
- No play/dl on redeem congrats page
- No play/dl from purchase history
